# How to Save Money

1. Save all of your coins instead of spending them. Put them in a piggy bank.
2. Do not give in to impulse buying. Always carefully think about what you are purchasing and whether or not you really need it.
3. Buy items on sale or wait until the company offers a discount.
4. Eat at home rather than eating at a restaurant.
5. Bring your snacks and drinks from home instead of buying them from a vending machine.
6. Be aware of your cell phone plan and do not exceed your voice, text, and data plan.
7. Borrow books from a friend or from your library instead of purchasing them.
8. If you drive a car, keep the tires properly inflated and do not sit with the car idling.
9. Develop a budget for your allowance. Know the amount that you will spend, save, and give.
10. Ask your parents if you can set up a savings account at your local bank.
